

INTRODUCING the Chimney Cap Cleaner

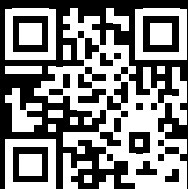

Tired of climbing on your roof to clean the chimney?
Worried about the devastating effects of a chimney fire?
Annoyed by chimney smoke wafting back into your home?

The Chimney Cap Cleaner can help.

In addition to an annual cleaning and inspection, the Chimney Cap Cleaner can clean as needed to prevent chimney fires—from the safety of the ground. The Chimney Cap Cleaner is easy to install and provides numerous benefits, including:

- **A long product life.** The Chimney Cap Cleaner is made of 90% stainless steel, so it will last for years to come.
- **Simple installation.** The installation process is easy, and the product uses stainless steel fasteners so there are no rusted bolts.
- **Convenience.** The Chimney Cap Cleaner allows most wood stoves to be cleaned without the aggravation of extinguishing the fire and can be easily removed for annual inspections. The cleaner also fits flue tile and triple wall stainless.
- **Versatility.** The Chimney Cap Cleaner includes a bird guard option for those with bird problems.
